

## KNOWLEDGE SHARING AND CAPACITY BUILDING

- Potency Assurance Strategy - It's *not just about a potency lot release assay!*
- Novel biologic modalities *require a wide array of bioassays* to characterize MOA(s).
- Comparability - A *perennial challenge* between methods, reference standards, and product/process changes.
- *Demonstrated success* in R&D and GMP labs with a variety of automation systems.

## BIOASSAYS 2024 BY THE NUMBERS

**First-Time Attendees**

**31**

**Regulators Participated**

**20**

**Company Representation**

**31**

**Country Collaboration**

**5**

Denmark | Germany | Japan | Sweden | United States
